**Footnotes**

(1) Based on the BLS Occupational Injury and Illness Classification System (OIICS) 3.02 implemented for 2023 data forward.

(2) May include volunteers and workers receiving other types of compensation. Cases where employee status is unknown are included in the counts of wage and salary workers.

(3) Includes self-employed workers, owners of unincorporated businesses and farms, paid and unpaid family workers, and may include some owners of incorporated businesses or members of partnerships.

(4) Persons identified as Hispanic or Latino may be of any race. The race categories shown exclude data for Hispanics and Latinos. Cases where ethnicity is unknown are included in counts of non-Hispanic workers.

(5) CFOI has used several versions of the Standard Occupation Classification (SOC) system since 2003 to define occupation. For complete information on the version of SOC used in this year, see our definitions page at

<https://www.bls.gov/opub/hom/cfoi/concepts.htm#standard-occupational-classification-soc>.

Cases where occupation is unknown are included in the total.

(6) Includes fatal injuries to persons identified as resident armed forces regardless of individual occupation listed.

(7) CFOI has used several versions of the North American Industry Classification System (NAICS) since 2003 to define industry. For complete information on the version of NAICS used in this year, see our definitions page at

<https://www.bls.gov/opub/hom/cfoi/concepts.htm#north-american-industry-classification-system-naics>.

**Fatal occupational injuries by selected characteristics, by major event or exposure, Guam**

Characteristic	2023						
	Event or exposure <sup>(1)</sup>						
	Total fatal injuries	Violence and other injuries by persons or animals	Transportation incidents	Fires and explosions	Falls, slips, trips	Exposure to harmful substances or environments	Contact with objects and equipment
<p>Cases where ownership is unknown are included in private industry counts. Cases classified as foreign government and other government are included in all government counts, but not displayed separately. Cases where industry is unknown are included in the service sector counts.</p> <p>(8) Includes fatal injuries to workers employed by governmental organizations regardless of industry.</p> <p>(9) Includes fatal injuries at all establishments categorized as Mining, quarrying, and oil and gas extraction (Sector 21) in the North American Industry Classification System, including establishments not governed by the Mine Safety and Health Administration (MSHA) rules and reporting, such as those in Oil and Gas Extraction.</p> <p>(10) Cases where industry is unknown are included in the service sector counts.</p> <p>Data for all years are revised and final. Totals for major categories may include subcategories not shown separately. For complete information on how the data are coded and presented see our definitions page at <a href="https://www.bls.gov/iif/definitions/census-of-fatal-occupational-injuries-definitions.htm">https://www.bls.gov/iif/definitions/census-of-fatal-occupational-injuries-definitions.htm</a>. Dashes indicate no data reported or data that do not meet publication criteria. N.e.c. means "not elsewhere classified." CFOI fatality counts exclude illness-related deaths unless precipitated by an injury event.</p> <p>Source: U.S. Department of Labor, Bureau of Labor Statistics, in cooperation with state, New York City, District of Columbia, and federal agencies, Census of Fatal Occupational Injuries.</p>
